

Psalms Reading Plan

Our reading plan comes from Zondervan Publishing. I appreciate how they grouped the Psalms by theme. It will be interesting to approach the book by theme rather than reading it straight through.

As you read, you are encouraged to use the SOAP Method for keeping a spiritual journal, as taught at New Hope Christian Fellowship in Hawaii.

S = Scripture

Read the Bible passage for the day. Copy the verse which catches your attention word for word into your journal.

O = Observation

Write a brief description of what is going on in the passage you read.

A = Application

Write about how your life will be different today because of what you have read.

- Lessons to be learned
- Examples to be followed or avoided
- Promises to be claimed and enjoyed
- A character trait of God revealed

P = Prayer

Write out a prayer for yourself and others based on what you read today.

You are invited to join the online discussion of these

readings at <http://pastorblog.cumcdebar.org/>
